

Schedule - To accompany form 990-EZ, Part I, Line 10

The Opera House Players base of operations is a historic structure built in 1903. Part of the charter for the group is to bring the experience of theater and the arts to the area. This year the Opera House Players headed up the fund drive for a Concert Grand Piano for the Elkader Opera House. As of the end of 2005, we have purchased the Piano, and paid \$14,200 toward it's purchase. The remainder of the piano will be paid for in 2006 with funds already collected.
